To Whom It May Concern:

I am Dr. Héctor Puente, Associate Professor of Creation and Narration of Videogames at the Francisco de Vitoria University. I have the pleasure of contacting you at the request of Aaron Rugama García, of whom I have been a teacher for 3 years, to let you know that I consider him an excellent candidate to cover the profile that you are looking for.

I have been Aaron's teacher in the area of Video Game Design and I have been able to observe how he works, demonstrating more than enough creative and technical skills in the field of Technical Art and Applied Design. Additionally, he has shown that he has the organization, and interpersonal skills that make a truly exceptional video game designer (standing out for being especially friendly, sociable and empathetic).

Besides, his dedication and willingness to work long hours to get the job done have made him a favorite team member for everyone on staff.

It is because of all this that I consider that Aaron Rugama García is more than capable of accessing the position he is requesting, so I have no doubt that having him would be an excellent choice.

If you need any additional information, please feel free to contact me.

Best regards,

Dr. Héctor Puente.
